

DISTRICT 5

JANUARY / JUNE 2019

AARP SMART DRIVER

course is designed to help you.....

- √ **Learn** research-based safety strategies that can reduce the likelihood of having a crash.
- √ **Understand** the links among the driver, vehicle and road environment, and how this awareness encourages safer behavior.
- √ **Learn** how aging, alcohol, medications, and other health-related issues affect driving ability, and adjustments to allow for these changes.
- √ **Increase** confidence
- √ **Know** how to drive safely and share the road with others
- √ **Learn** the newest safety and advanced features in vehicles.
- √ **Learn** when driving may no longer be safe.
- √ **Explore** other ways to travel.

The course is structured to cover a variety of driving topics important to drivers, including latest changes in local and state traffic laws.
